## PAPER RECYCLING 101

Please separate your clean, white paper from other paper products. White paper can be disposed of in designated indoor white paper bins usually placed near printers or copy machines. Please only place clean paper items into general paper recycling, which may be disposed of in mixed office paper

containers. Please do not place any food/beverage or soiled paper products into general paper recycling. Grounds Services Refuse and Recycling handles the majority of campus resource recovery, including the four primary waste streams. For more information on campus recycling, please visit <https://bit.ly/2C5NcRK>.

1

### CLEAN PAPER

Printed/unprinted white ledger paper, uncoated/unprinted white sheets, computer printouts, copy machine printouts, white tablet paper (lined or unlined), and white letterhead.

2

### MIXED PAPER

Plain white envelopes, newspapers, paper bags, card paper (cereal boxes, index cards, etc.), folders, guillotined books (spine / cover removed).

### LEED TRAINING

UCSC faculty, staff, and students have the opportunity to access **FREE** online training and webinars through the US Green Building Council's LEED Online platform. Learn more about this program [here](#).

### OTHER LEARNING OPPORTUNITIES

There are still openings in the Sustainability Certificate Program classes beginning in January. For more information, please visit the Sustainability website.
